FULLER PACKAGING, INC. 401-725-4300, FAX 401-726-8050

Custom boxes for presentation and promotion are the specialty of Fuller Box Company and Fuller Packaging, Inc.

Metal or cardboard, lidded or hinged, we can create a box to hold virtually anything that will fit into a space 11" x 17" or smaller.

Rings, jewelry, writing instruments, eyeglasses, tableware, collectibles, perfume are typical contents, but our customers are always coming up with something interesting.

We work to customer specifications, or design something totally new. Our design staff knows how to use the newest and most innovative papers, fabrics and trims, and can accommodate almost any printing requirement. Your marketing needs, as well as your budget, will be of particular importance in the creation of your packaging. Each job is unique, so we make a sample box first. That way, everyone can see and touch the final product, and make any necessary changes, before it goes into production. We create the interior packaging to display the product properly.

Our employees are an important part of our success. Everyone is encouraged to ask questions, make suggestions, and offer assistance in improving our products and services. Since we are within a few miles of Providence, Rhode Island – often called "The Jewelry Manufacturing Capital of the World" – we have developed an excellent reputation among jewelry makers in this area, who have used our boxes for years. We now also work with a wide variety of companies around the world. We are always interested in tackling a new design or manufacturing challenge and hope you will contact us.

We also welcome the opportunity to duplicate an existing box. We strive to do business your way. We offer stocking and just in time delivery services. We are able to drop ship to multiple locations, functioning as your distribution center.
